SPECIAL EDITION TONDA METRO

PALE MINT GREEN — SUCH IS THE BEWITCHING AND ENIGMATIC COLOR THAT ADORNS THE DIALS OF A MASCULINE AS WELL AS A FEMININE EXECUTION OF THE TONDA METRO.

For the Tonda Metrographe, the pale mint green is accompanied by a luminescent coating that surrounds the counters of the chronograph and illuminates them in pitch black.

For the Tonda Métropolitaine, the pale mint green covers the flinqué finish with their harmonious and feminine curves. They are both special editions, as exclusive as their green nuance.

This color, ever so distinctive, is deeply rooted within the philosophy of Parmigiani Fleurier. Disconcert, yet with elegance; leave the beaten tracks but remain governed by a search of aesthetical refinement and a quest for excellence. The bearer of the Metro timepiece of pale mint green is a trend-setter rather than a follower.
